

Lake Lansing Advisory Committee

Scheduled Treatment Notice

Monday, August 05, 2019

HERBICIDE TREATMENT: Lake Lansing is scheduled to be chemically treated on Monday, August 05, 2019. The actual application date and time is subject to change because it is dependent on a number of factors including weather.

This treatment will concentrate on the “center areas” of the lake.

Please see attached Posting and Posting Map for details and restrictions. This is the same notice that will be posted along the shoreline on the day of application.

The applicator and consultant will evaluate the treatment and they will recommend as to the need for additional treatments. We will advise you, through Next Door and the Meridian Township website, if additional treatments are necessary.

HARVESTER: Apparently the final parts have arrived and finally the repairs to the harvester are nearly finished and it is due on Lake Lansing any day now.

This notice and alert through Next Door has been processed for the Lake Lansing Special Assessment District Advisory Committee by Meridian Township. This notice as well as future and past notices can be found on the Meridian Township website.
