

MERIDIAN TOWNSHIP FIRE DEPARTMENT

ADDENDUM NO. 1

2024

REQUEST FOR PROPOSALS TO PROVIDE DESIGN SERVICES

Dormitory Addition to Central Fire Station

Prospective bidders are hereby notified of the following changes to the Request for Proposals document for the above-listed RFP.

1. The proposed budget for the final project has been set at \$600,000.
2. We are requesting a conceptual room layout as a deliverable.
3. For background context, the shift schedule at this station is 24 hours (7am to 7am). When the oncoming crew arrives, the firefighters currently put their overnight bags on an open bed. Most of the time, the crew being relieved are already out of the current bed they occupy. With the new addition, we see crews coming in and doing the same. It will still be first come, first served for a bed space. They only exemption is a designated room for the Battalion Chief, as they have their own designated room that will remain the same.
4. Existing number of beds/bathrooms:
 - Four in current dorm room
 - Two in second dorm room (BC office by women's locker room)
 - One in the community room
5. Number of runs out of the station:
 - 2,879 (Total fire department call volume in 2023 was 6,300)
6. **The deadline for submission of proposals has been extended to 3:00pm, Friday, February 16, 2024.**
