2025 REINSPECTION PROGRAM

In 2012 the Meridian Township Assessing Department began annually conducting summer inspections of residential properties in the Township to update assessing records.

At this time the 2025 database updates will be in the Chippewa Hills, Cornell Woods and Whispering Oaks subdivisions. Other areas may be added at a later date. This includes site visits to properties by Township personnel to take exterior photographs of the front and rear of homes and all buildings (i.e. sheds, detached garages) and inspect property improvements. For everyone's safety, personnel will have Township issued identification badges.

Letters will be sent to affected property owners prior to site-visits, along with Property Questionnaires. If you are a landlord, please notify your tenant. A link to the Property Questionnaire form is in the Reinspection Program folder at [ASSESSING | MERIDIAN TOWNSHIP, MI](#). In addition to Questionnaire data, we will conduct desktop audits by reviewing GIS imagery, broker's listings and available on-line data.

Affected property owners are not required to provide property information, participation in the reinspection program is voluntary.

In addition to the subdivision database update, additional Township personnel will be doing drive-by exterior photos of non-subdivision properties on main roads to further update our database. Township personnel will be in a marked Meridian Township car with identification.

If there are questions or concerns regarding your property or the Property Questionnaire, our offices are open during regular business hours, Monday through Friday from 8:00 am to 5:00 pm. Please feel free to call or email us.
